GENERAL SECRETARIAT
7 NOV. 1935

SIR,

Re-construction of the Sri Iswara Devaru Temple building at Sravanabelagola, Chennarayapatna Taluk.

I have the honor to forward herewith a copy of letter No.J.2107-33 dated 28-10-1935 from the Deputy Commissioner, Hassan District, on the above subject and to request that sanction of Government may be accorded to the Deputy Commissioner's proposal to entrust the execution of the work to the devotees in accordance with the estimate to be prepared by the P.W.D., the design of the gopuram being subject to the approval of the Government Architect.

I have the honor to be,

Sir,

Your most obedient servant,

KV Anantaraman
Muzrai Commissioner.

Enclosed with a draft G.O. Sanctg.

Letter No.C.2107-33 dated 28-10-35 from the Deputy Commissioner, Hassan District, to the Muzrai Commissioner in Mysore.

Subject:- Regarding the re-construction of the temple building of the Sri Iswara Devaru at Sravanabelagola, Channarayapatna Taluk.

I have the honor to state that as per instructions of the Dewan, during his tour in this district, in September 1934, the Executive Engineer, Hassan Division, sent an estimate for Rs 1,190/- for the reconstruction of the Sri Iswaradevaru temple building at Sravanabelagola, in Channarayapatna Taluk, for sanction and requested this office to allot necessary funds. On a report called for in the matter, the Amildar has stated that there is no separate inam granted for the up-keep of this temple and that this is one of the 32 temples attached to the Jain Mutt at the place. The villagers who were enquired have also stated that the amounts collected by them for the construction of another temple at the place and for the sinking of a well which have been kept at the Co-operative Society and in the Government Savings Bank may be utilised for this work. On further enquiries it is found that there is a sum of Rs 225-9-3 inclusive of the interest for 33-34 in deposit in the Savings Bank Account No.595 of the Chennarayapatna Taluk Treasury kept in the name of the Amildar, Channarayapatna Taluk, for the above works and that a sum of Rs 510-1-4 which has been deposited in the Local Co-operative Society is in the name of Sri Swamigalu of the Jain Mut at the place. The Sri Swamigalu who was consulted has stated that the temple building in question has to be re-constructed providing for ten ankanams as per the desire of the other Hindus of the place instead of four ankanams as proposed by the P.W.D., that they are collecting necessary materials for the purpose and that it is better to entrust the work to a responsible Hindu of the village. The Sub Division Officer having enquired the devotees, Patel Venkata Gowda, Giri Gowda and Mudde Gowda, they have all stated that they want to construct a building of ten ankanams under the instructions of the P.W.D. and that a revised estimate may be obtained from the Executive Engineer, since they have collected the required materials and want to start the work immediately. A reference having been made to the Executive Engineer, he has sent up a revised estimate for Rs 2,200/- along with the necessary plan.

I inspected the present structure on the 25th instant with the Assistant Engineer. The temple building is in a very dilapidate condition. The

necessary repairs are being performed therein. The devotees represented to me that they themselves would execute the work in accordance with the plan and suggestions made by the P.W.D. and that they would seek the instructions of the Engineering Officers every now and then during the course of execution the gopuram of the present structure appears to have claims to certain architectural points and that the same will have to be reconstructed in accordance with the design to be approved by the Government Architect. The devotees have collected the materials required for the reconstruction of the building and they are anxious to start the work. The Swamigalu who was also consulted told me that permission might be given for its reconstruction.

Under these circumstances, I have instructed the Sub Division Officer to obtain a mutchalika from the devotees agreeing to construct the building as per plan and estimate by the Executive Engineer and the gopuram as per the design to be approved by the Government Architect, to whom a reference has been made separately, and allow them to start the work. I have also issued instructions to the Sub Division Officer to pay the sum of 225-3-3 with up-to-date interest available in the S.B. deposit to the mutchalikadars after the work is completed.

"C O P Y"

For Luzrai Commissioner.
